

BBI Services

Productivity Improvement in the Construction Sector

Lead productivity improvement in your organisation by upskilling employees at the right time, pace and place.

Do you need to...

- Eliminate challenges, frustrations and causes of delay?
- Improve productivity, quality and performance?
- Empower your people to fix the problems that frustrate them?
- Utilise a flexible approach to upskilling your employees?

1,000 places
supported by
the CITB
Impact Fund

The Solution - **Performance Vault**

Performance Vault is an online learning platform by BBI Services, improving productivity in the construction sector. Created by productivity specialists, our Productivity Improvement Programme is split into 4 pathways, each focused on different tools and techniques.

This programme is funded by the CITB, with **FREE** places available to anyone within construction. Learners will receive a digital credential upon completion of each pathway.

Please email performancevault@bbiservices.com to utilise your free places.
